

FAASTeam presents:

Mountainous Terrain Flight Considerations

Willamette Aviation CFISylvia Manning and Audrey Maddox from the Rose City Chapter of Women in Aviation, will review Flight Planning considerations over mountainous terrain. Including Weather, Winds, NOTAMs, TFRs, VFR Flight Following and Routing Considerations. Sylvia will use our August Flyout to the Airshow of the Cascades in Madras as the template for this Safety Briefing. By using our August Flyout to Madras they will take us thru the pre-flight planning including getting a weather briefing and NOTAM research. They will go over Route Considerations, review the intervening Airspace and what to expect from Flight Following. The briefing will be followed at noon by a BBQ.

Directions: DRIVE IN - Two miles south of Wilsonville, just off I-5. 1/4 mile south of Arndt Rd. FLY IN - Taxi to the very north end of the Aurora airport. Park on the ramp between the fuel island and the FBO building. AVOID OVERFLYING POPULATED AREAS.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
